

CHEMICAL / ENVIRONMENTAL ENGINEER

Sevee & Maher Engineers, Inc. (SME) is an accomplished team of 45 experienced and talented professionals. At the heart of SME is our culture which is friendly and down to earth. SME is large enough to offer a full range of services but small enough that everyone on our team makes a difference. There is room to choose your own path and pursue your passions, and each person is recognized for their contribution to our collective success. We support and encourage professional development and active participation with professional associations.

SME combines strong technical expertise in hydrogeology and civil, environmental, wastewater, geotechnical, and chemical engineering with innovative technologies to provide cutting edge solutions to our clients' 21st-century environmental challenges.

Joining SME means becoming part of a group of dedicated professionals who enjoy doing meaningful work together.

Are you interested in a progressive and growing company that offers exceptional opportunities for success? SME has a new full-time position for a **Chemical / Environmental Engineer** at our headquarters.

Position Summary

The Chemical / Environmental Engineer, who reports to a principal of the firm, is responsible for assisting clients in achieving and maintaining compliance with federal, state, and local environmental regulatory requirements. You will apply your expert knowledge and skills to develop formal compliance plans, conduct multimedia compliance assessments, prepare environmental permit applications, and design pollution control processes.

Because the Chemical / Environmental Engineer works closely with SME's multidisciplinary staff and frequently interacts directly with clients, regulatory agencies, and the public, your strong interpersonal and communication skills (written and verbal) are important. At SME, we take pride in building and maintaining positive long-term relationships with all stakeholders.

Required Skills and Qualifications

- B.S. degree in Chemical or Environmental Engineering
- 7 to 15 years environmental consulting or industry experience
- Professional Engineer license preferred, but other relevant certifications will be considered
- Widespread experience and skills in consulting services to industrial clients, including:
 - Multimedia regulatory compliance auditing -- air quality, water, wastewater, and waste management
 - Industrial process engineering and design
 - Environmental Management System design and auditing
 - Environmental permitting including major and minor source air permitting
 - Pollution Prevention project design and implementation

- Development and presenting environmental training programs
- A focus on air emission permitting; estimating air pollutant emissions; NSPS, NESHAP, and MACT compliance; and regulatory analysis and reporting is desirable
- Some domestic business travel to client sites is required
- U.S. citizenship is required

Compensation & Benefits

SME offers an excellent compensation and benefits package. We pay 100 percent of Medical, Life, and Long-Term and Short-Term Disability insurance, and annually contribute to each employee's Health Savings Account. We provide paid vacation, holiday, and sick time. Our retirement plan includes three components: a generous 401k plan; profit sharing; and a non-discretionary 3% of gross pay contribution. There is potential for year-end bonuses for all employees. We also have an annual company-paid winter fun weekend for employees and their families.

Location

SME is based in Cumberland, just north of Portland, Maine. Perfect for a balance of work and play, we are only minutes from ocean beaches, lakes, rivers, and mountains where you can conveniently access outstanding outdoor activities. If city life is more your style, the area offers fantastic shopping and dining options as well as a vibrant arts and entertainment scene.

Let's Connect!

SME is always looking for new talent. If this position sounds like a good fit for you, **please send your resume and cover letter to: smeresumes@smemaine.com.**
